RE Official Information Act request WCDHB 9106

I refer to your Official Information Act request seeking the following information from West Coast DHB, pertaining to the West Coast Mental Health Review (2014). Specifically:

- **Any written submissions, or minutes of meetings (from this latest consultation), with feedback on the mental health review. I understand no one will be named in this for privacy reasons, but I am interested in reading what people see as the issues.**

There is currently a draft document 'West Coast Mental Health Future Services Project: Locality and Community Based Services'. This document has gone out to West Coast DHB mental health and addiction stakeholders for consultation, and we are holding forums over the next few weeks to discuss the information with them.

We will be releasing the information once it is finalised, after we have collated the feedback from our stakeholders, including consumers of our mental health services. We hope to have the information to release at the end of April or early May.

Please note that this response, or an edited version of this response, may be published on the West Coast DHB website.

Yours sincerely

Carolyn Gullery
General Manager
Planning, Funding & Decision Support
